REVIEW
OF THE NATIONAL SCIENTIFIC CONSULTANT

on the dissertation "Criminological problems of domestic violence against women" by Surayeva K.S., submitted for the degree of Doctor of Philosophy (PhD) in the educational program 8D04203 «Jurisprudence».

The dissertation of doctoral student Surayeva K.S. is devoted to an important and relevant topic related to effective prevention of domestic violence in the socio-legal and victimological aspects in the Republic of Kazakhstan. The author addresses the problem of gender-motivated violence, classification of types of domestic violence, analyzes the legal mechanisms for protecting victims of domestic violence, and problems of criminal responsibility for committing domestic violence against women.

The work contains a deep victimological analysis of victims of domestic violence, revealing the criminological characteristics of the personality of the subject who committed violent offenses in the family and household sphere against women. As a result of the research, the author formulated the main directions of socio-legal and victimological measures to counter domestic violence against women.

The dissertation of doctoral student Surayeva K.S. is characterized by the validity, logic, and reliability of scientific results, as well as a high degree of systematization and interconnection. The author has adequately chosen methods and methodology for researching criminological and criminal-legal measures to counter organized crime, ensuring the credibility of the obtained scientific results.

Doctoral student Surayeva K.S. demonstrated high professionalism and persistence in solving the tasks set by the dissertation. Her enthusiasm for the research topic was noticeable at every stage of the work, which allowed her to conduct a deep analysis of the problem of domestic violence in the socio-legal and victimological aspects.

Particular attention should be paid to the empirical part of the research conducted by doctoral student Surayeva K.S. She demonstrated the ability to use various research methods, including surveys and statistical data analysis, to obtain high-quality empirical results. Thanks to this, her research became the basis for developing new socio-legal and victimological measures to counter domestic violence against women.

The main theoretical conclusions and proposals, scientific views, and provisions of the dissertation research were reflected in scientific articles published in the materials of international conferences, in periodicals recommended by the Council for Quality Assurance in Education of the Ministry of Education and Science of the Republic of Kazakhstan, and indexed in the Scopus database.

The dissertation by Surayeva K.S. - "Criminological problems of domestic violence against women" is a completed research work that meets the requirements and can be recommended for defense for the degree of Doctor of Philosophy (PhD) in the educational program 8D04203 "Jurisprudence".
